### CENTRAL CONNECTICUT COAST YMCA Infant, Toddler, Preschool Behavior Management Plan

From time to time it may be necessary to discipline a child who continually exhibits a lack of respect or concern for the safety and well-being of their peers and/or staff.

Behavior management is used in the form of RE-DIRECTION or POSITIVE GUIDANCE and is done while the child is still in the program, not sent home with them, unless it is a serious matter. Behaviors considered inappropriate are, but not limited to:

- Fighting, Throwing things, Inappropriate language, Disrespect for others
- Refusing to listen to the teacher, Hitting, Biting or Kicking, children or teachers

A staff member will give positive guidance, redirection, setting clear limits to the child while maintaining good supervision of all areas. This allows the children to get control of their behavior and be able to continue to participate in classroom activities.

We do not use abusive, neglectful, physical restraint, unless such restraint is necessary to protect the health and safety of the child or others.

In the even that re-direction or positive guidance is not effective and /or the child has severely injured another child or teacher, a parent/guardian will be called in to discuss the situation and to develop a plan of action and /or 211 Info line may be called in for professional assistance depending on the severity of the behavior being exhibited.

I have read and understand the policy. The Behavior Management Plan has been discussed with me.

# State of Connecticut Department of Education Early Childhood Health Assessment Record

Date

(For children ages birth–5)

**To Parent or Guardian:** In order to provide the best experience, early childhood providers must understand your child's health needs. This form requests information from you (Part 1) which will be helpful to the health care provider when he or she completes the health evaluation (Part 2) and oral health assessment (Part 3). State law requires complete primary immunizations and a health assessment by a physician, an advanced practice registered nurse, a physician assistant, or a legally qualified practitioner of medicine, an advanced practice registered nurse or a physician assistant stationed at any military base prior to entering an early childhood program in Connecticut.

			Please pr	rint

#### Part 3 — Oral Health Assessment/Screening

Health Care Provider must complete and sign the oral health assessment.

To Parent(s) or Guardian(s):

State law requires that each local board of education request that an oral health assessment be conducted prior to public school enrollment, in either grade six or grade seven, and in either grade nine or grade ten (Public Act No. 18-168). The specific grade levels will be determined by the local board of education. The oral health assessment shall include a dental examination by a dentist or a visual screening and risk assessment for oral health conditions by a dental hygienist, or by a legally qualified practitioner of medicine, physician assistant or advanced practice registered nurse who has been trained in conducting an oral health assessment as part of a training program approved by the Commissioner of Public Health.
