## Before & After Care

We are excited to announce the partnership with the Town of East Haven! We are offering before and after school care at two locations for anyone living in East Haven!

The Y helps kids reach their potential and thrive in a safe, trustworthy setting. We offer a curriculum that aligns with the school day and supports growth in literacy, science, math, science, engineering, and technology (STEM) while infusing the arts, physical activity, and fun. Providing our youth with the support, encouragement and positive role models that they need, will not only increase their ability to succeed in school but in life. For families, we offer peace of mind knowing that your child is in a safe and educational program building new relationships and achieving more.
