USAG XCEL PROGRAM (BRONZE-SAPPHIRE)

USAG defines the Xcel program as "a broad-based, affordable competitive experience outside the traditional Jr. Olympic Program." Xcel, like Developmental, has different levels (Bronze, Silver, Gold, Platinum, Diamond, Sapphire) that the gymnast can progress to as he/she learns more skills. Gymnasts who participate in Xcel also get the same competitive experience of being on a team and competing in front of judges and spectators.

USAG COMPULSORY PROGRAM (LEVELS 1-5)

Compulsory gymnastics consists of specific routines that the gymnast must learn exactly. This is done in gymnastics levels 1-5. USA Gymnastics created the routines with the goal that the gymnasts have a strong gymnastics foundation before advancing to the optional levels. All of the skills in compulsory gymnastics are progressive to get ready for Optional.

USAG OPTIONALS PROGRAM (LEVELS 6-10)

In optional gymnastics there are a set of guidelines, or level requirements and routines are built around them. Each gymnast has her own music (on the Floor Exercise) and choreography. Her routine is built to show off her strengths. Scores are based on how well she performs the skills in the routine, whether she has all the requirements and whether the overall routine is enjoyable to watch.

SWIM PROGRAMS

STRONG SWIMMERS = CONFIDENT KIDS

For more than 160 years, the YMCA has nurtured potential and united communities across America to create lasting, meaningful change. Everything the Y does is in service of building a better us. One of the most effective ways to accomplish this is to teach youth, teens, and adults to swim, so they can stay safe around water and learn the skills they need to make swimming a lifelong pursuit for staying healthy. Our Y swim instructors are nationally certified. Their training includes CPR, AED, First Aid and Oxygen Administration. **Swim Starters and Swim Basics classes require one parent* to participate in the pool and on the pool deck.**

Swim lessons provide important life skills that could save a life and will benefit students for a lifetime. All ages - from infants to seniors - can learn to swim at the Y. Check out our class offerings to find one that fits your family's busy schedule.

POOL GUIDELINES/OBSERVATION POLICY

Parents and children are required to follow all Central Connecticut Coast YMCA Pool Guidelines and Safety Protocol. Parents are asked not to disrupt the children or instructor while the class is in session. *At the Y, we know families take a variety of forms. As a result, we define parents broadly to include all adults with primary responsibility for raising children, including biological parents, adoptive parents, stepparents, grandparents or any type of parenting relationship.

CHRONIC DISEASE PROGRAMS

At the Lakewood-Trumbull YMCA, we're committed to supporting the health of our entire community— especially those living with chronic diseases who may not feel comfortable in traditional fitness settings. Our chronic disease programs offer more than physical activity—they create a space for social and emotional healing, connection, and support. Thanks to generous donations from members, sponsors, and community partners, these life-changing programs are offered free of charge. By supporting the Y, you help ensure that everyone—regardless of financial ability—has access to resources that improve lives and foster lasting change.

YOGA FOR MS - IN PERSON OR VIRTUAL

Since 2002, this adapted yoga class at the Lakewood-Trumbull Y has supported people living with Multiple Sclerosis. It began with help from the MS Society and continues today thanks to the Y's generous contributors. In this class, breathing, gentle movement, posture, and awareness come together to build relaxation and body awareness. You'll learn simple tools for daily life—better balance for standing and walking, strength and alignment for getting up and sitting down, and steady core support for everything you do.

WELLNESS TEAM SPOTLIGHT

FITNESS STAFF SPOTLIGHT – ANTOINETTE MEINEL

I'm truly grateful to be returning to the Y. I've been in the health and wellness industry since 2008, and I first began working at the YMCA in 2014 after moving to Connecticut from New York. From the very beginning, the Y became so much more than a place to work, it became a source of support, connection, and community for both me and my children. It was a place where we felt safe, welcomed, and at home. After stepping away from the gym environment for a short time, I'm so happy and thankful to be back in a place that has meant so much to my family. I love working with people of all ages and fitness levels, and I feel incredibly fortunate to help others feel stronger, healthier, and more confident in themselves.
