We see every interaction with young people as an opportunity for learning and development—all grounded in the Y’s core values of caring, honesty, respect and responsibility.

## Healthy Living

We help people and families build and maintain healthy habits for spirit, mind and body in their everyday lives. By helping kids, adults, families and seniors from all walks of life improve their health and well-being, we build a stronger community.

## Social Responsibility

With our doors open to all, we bring together people from all backgrounds, to support those in need. We take on the most urgent needs in our community and inspire a spirit of service in return. ## STRONG SWIMMERS = CONFIDENT KIDS

For more than 160 years, the YMCA has nurtured potential and united communities across America to create lasting, meaningful change. Everything the Y does is in service of building a better us. One of the most effective ways to accomplish this is to teach youth, teens, and adults to swim, so they can stay safe around water and learn the skills they need to make swimming a lifelong pursuit for staying healthy.

Our Y swim instructors are nationally certified. Their training includes CPR, AED, First Aid and Oxygen Administration. Swim lessons provide important life skills that could save a life and will benefit students for a lifetime.

All ages - from infants to seniors - can learn to swim at the Y. Check out our class offerings to find one that fits your family's busy schedule. Have questions? Please refer to the Swim Page of our web site, call the Y or speak with anyone in our Aquatics Department or on our Member Services Team.

\*At the Y, we know families take a variety of forms. As a result, we define parents broadly to include all adults with primary responsibility for raising children, including biological parents, adoptive parents, stepparents, grandparents or any type of parenting relationship.

### SWIM STARTERS

Accompanied by a parent\*, infants and toddlers learn to be comfortable in the water and develop swim readiness skills through fun and confidence-building experiences, while parents learn about water safety, drowning prevention and the importance of supervision.

### MEMORY LOSS AND DEMENTIA

#### WHERE DID I LEAVE THOSE KEYS?

Come Join Barbara Naclerio from the East Shore District Health Department and Dave Lopic from Home Instead as they explore Age-Related Memory Loss and the difference between normal aging and dementia.

From forgetting where you put your keys to walking into the doctor's office on the wrong day to not recalling someone's name, we all experience some degree of memory loss.

- What is happening in our brains that causes these minor memory lapses and when should you start to get help?
- What can you do to lower your risk of dementia as you age?
- What can I do for others as they deal with forgetfulness and dementia in their lives?

Almost 40 percent of people over the age of 65 experience some form of memory loss. When there is no underlying medical condition causing this memory loss, it is known as age-associated memory impairment, which is considered a part of the normal aging process.

Brain diseases like Alzheimer's disease and other dementias are different.

Come and join in on this discussion about how you can combat memory loss and know when to seek out help.

# ALWAYS WELCOME IN EVERY COMMUNITY

## NATIONWIDE MEMBERSHIP:

At the Y, we are for youth development, healthy living and social responsibility. We are dedicated to ensuring our facilities, programs and services are open and welcoming to all. As part of this effort, we are proud to offer our members access to YMCA facilities across the United States that participate in Nationwide Membership. This way, our members can use the Y as often as they like, making it easier to achieve their health and wellness goals.

### ALWAYS WELCOME

Nationwide Membership enables you to visit any participating YMCA in the United States through membership at your "home" YMCA (your home Y is the local association that enrolled you as a member and collects your membership dues). We offer this because we want to help you reach your health and wellness goals wherever you live, work or travel. This is an essential part of our mission to strengthen communities.

### IN EVERY COMMUNITY

We understand that sometimes it is more convenient for members to take advantage of a Y near their workplace or when they are traveling outside the area of their home Y. With Nationwide Membership, members have the flexibility to use participating Y facilities throughout the United States at no extra charge.

### WHAT YOU NEED TO KNOW

- Nationwide Membership is valid for active, full facility Y members whose home Y participates without restriction or blackout periods
- Nationwide member visitors must use their home Y at least 50% of the time
- Program-only participants (including Silver Sneakers, Silver and Fit or other like programs) are not eligible for nationwide membership
- Special memberships established by any Y for group homes, other agencies, etc., are not eligible
- When visiting a Y, nationwide members will be required to show a valid YMCA membership card and photo ID as well as provide basic membership data such as name and email address
- Members will need to sign a universal liability waiver and privacy policy
- Ys should allow nationwide members access to services typically offered to full-facility members. Check with the Y for schedule and availability. Nationwide members visiting other Ys for a period greater than 28 days must transfer membership affiliation for continued use
- All Ys reserve the right to restrict or revoke these privileges
- Registered sex offenders are prohibited from participating
