EARLY LEARNING

At the Y, we offer a safe, nurturing environment for children ages 3 to 5 years to learn and grow. The Y supports their social-emotional, cognitive and physical development. When you know your child is well cared for, you and your family have the opportunity to focus at work, plan healthy meals, enjoy family activities and establish a routine.

FOR YOUTH DEVELOPMENT

All kids have great potential. At the Y, we help set them on a path to learning. Children gain confidence as they recognize the Y as a place where they belong and can feel comfortable. Whether it's gaining the confidence that comes from learning new experiences, building positive relationships or participating in activities, it's about nurturing the whole child, from the inside out.

FOR HEALTHY LIVING

The Central Connecticut Coast YMCA is a leading nonprofit committed to nurturing the potential of every child. For many, the Y is the starting point for children to develop healthy habits nutritionally and physically, that they'll carry with them throughout their lives. We understand that everyone needs to eat well and be physically active to live a full life and reach their potential, and this is especially important for children. Our experienced and caring staff, partners and volunteers model the positive

core Y values of caring, honesty, respect and responsibility that help build character. Our core values are woven throughout our early learning program to create a warm, nurturing, home away from home. Your child's growth, development and education are important to us, as we do our best to ensure their future is bright.

FOR SOCIAL RESPONSIBILITY

Family unity is strengthened in a child's ability to work and play together through events, workshops and family activities. Plus, everyone belongs at the Y. To ensure that all youth have the chance to participate, the Y offers financial assistance to those in need. Please talk with us to learn more. If you'd like to help send a child to child care, you can donate easily on our web site or at our Y. We also participate in the State of CT Care4Kids program.
